

*** RECORDED AUDIO ***

The American Academy of Osteopathy Annual Convocation

Colorado Springs, Broadmoor--March 18-21, 2010

Organizers have made arrangements for audio recording of all major sessions. If you missed something or want to share some important topics with colleagues, use this as an order form.

CHOOSE: _____ **CD** at \$14.00 each or _____ on audio **cassettes** at \$12.00 each (by mail)

PHYSICIANS

- 01__ Structural anatomy of the sacrum and pelvis --**Frank H. Willard, PhD**
- 02__ Movement and stability of the pelvis. The clinical consequences of evidence-based research of the pelvic girdle - **Andry Vleeming, PhD**, Clinical Anatomist
- 03__ The pelvis in motion and gait --**Dennis J. Dowling, DO, FAAO**
- 04__ Anatomical considerations of pelvic viscera and referred pain patterns--**Frank H. Willard, PhD**
- 05__ Effective lumbopelvic stability --**Andry Vleeming, PhD**, Clinical Anatomist
- 06__ Common problems in the male pelvis (prostatitis, trauma, other)--**Kenneth J. Lossing, DO**
- 07__ Tribute to Irvin M. Korr, PhD (An encore presentation of the 2009 tribute)--**Brian F. Degenhardt, DO**
- 08__ Osteopathic care of the living human pelvis from embryologic perspective--**Donald V. Hankinson, DO**
- 09__ Lymphatic considerations of the the pelvis in the hospitalized patient--**Hugh M. Ettlinger, DO, FAAO**

FOR PHYSICIANS & STUDENTS

- 10__ Neuro/endocrine/immune influences on the pelvic floor --**Frank H. Willard, PhD**
- 11__ Central nervous system sensitization in women with chronic pelvic pain and endometriosis: research update --**Jay P. Shah, MD**
- 12__ Clinical homeopathy for sacrum and pelvic problems --**Ann L. Habenicht, DO, FAAO**
- 13__ The sacrum, pelvis and coccyx: Back to the Beginning --**Jane E. Carriero, DO**

STUDENT LECTURES

- S1__ Anatomical considerations of pelvic viscera and referred pain patterns--**Frank H. Willard, PhD**
- S2__ Lymphatic considerations of the the pelvis in the hospitalized patient--**Hugh M. Ettlinger, DO, FAAO**
- S3__ Dr. Zink's respiratory / circulatory model and the common compensatory pattern--**Boyd R. Buser, DO**
- S4__ The pelvis in motion and gait --**Dennis J. Dowling, DO, FAAO**
- S5__ Integration of OMT into patient encounters: pelvic cases--**David C Mason, DO**

SET PRICES-

CD Rom All (13) Physician Sessions: __\$175 **CD Rom (5) Student Lectures:**__\$65 __-Both: \$230.
Tapes: Physician Lectures (13)__ \$135. **Student Lectures (5 tapes)**__ \$50 __Both:\$150.

Please check off sessions wanted. During the conference, please leave this form at the RECORDING DESK. When ordering by mail, add \$2.00 per unit (up to \$12) for handling. Send this form along with payment (cheque payable to **Conference Tape**) to:

8 Woodburn Drive,
Ottawa, Ontario K1B 3A7

TEL.: (613) 824-2583
FAX: (613) 824-2584

E-mail:contape@cyberus.ca

SEE OVER for TOPICS from 2003--2009

TOPICS STILL AVAILABLE ON AUDIO FROM AAO ARCHIVES

Recordings on CD @\$14 each _____ or on cassette @ \$12 each

AAO ----2009

Little Rock

PHYSICIANS LECTURES

01. __ Neuroanatomy of Peripheral / Central Sensitization:--Frank H. Willard, PhD
02. __ New Frontiers in the Pathophysiology of Neuromusculoskeletal Pain:--Jay P. Shah, M.D.
03. __ The Relationship between the Muscle Spindle and the Neurocirculatory Components that may Contribute to the Counterstrain Model: --Paul R. Rennie, DO, FAAO
04. __ The Vagal System: --Frank H. Willard, PhD
05. __ The Polyvagal Theory: Reciprocal Influences Between Body and Brain in the Regulation and Optimization of Health and Behavior: --Stephen Porges, PhD
06. __ Autism: Causal Relationships and Healing Interventions:--Cheryl Leuthaeuser, DO
07. __ Exploring the Jugular Foramina: --Andrew M. Goldman, DO
09. __ Neuroendocrine Immune Cascade: --Paul Capobianco, DO

FOR PHYSICIANS & STUDENTS

10. __ The Legacy of Irvin M. Korr, PhD: Modern Research and Evolving Concepts:--Gary A Fryer, PhD
11. __ Research On Basic Osteopathic Mechanisms: Christian Fossum, DO(UK)
12. __ Cranial Mechanisms and Heart Rate Variability: Eric J Snider, DO
13. __ Osteopathic Treatment / Heart Rate Variability: Kendi Hensel, DO

AAO ----2008

Dallas, Texas

PHYSICIANS LECTURES

01. __ Thoracic Cage Anatomy--Frank H. Willard, PhD
02. __ Terminology, Kinesiology, Rib Motions--D J. Dowling, DO, FAAO
03. __ Holographic Fascial Diagnosis and Treatment Using the Diaphragms of the Thoracic Cage-- Judith A. O'Connell, DO, FAAO
04. __ Lymphatics--Hugh M. Ettlinger, DO, FAAO
05. __ Thoracic Visceral Anatomy--Frank H. Willard, PhD
06. __ Chapman's Reflexes--Michael L. Kuchera, DO, FAAO
07. __ Internal Medicine Correlations--Terri Turner, DO
08. __ Osteopathy for Bird Flu Pandemics--1917 and Soon--David E. Teitelbaum, DO
09. __ Breath of Life -- An Eastern Approach--Natalie A. Nevins, DO
10. __ The Respiratory Circulatory Model of Gordon Zink--Boyd Buser, DO

FOR PHYSICIANS & STUDENTS

11. __ Thoracic Prolotherapy--George J. Pasquarello, DO, FAAO
12. __ Slaves to Fashion (Structural-functional effects, eg Binding, Breast Implants, Rib Removals, High Heels)--W C Ehrenfeuchter, DO, FAAO
13. __ Osteopathic Implications in Breast Cancer --Zinaida Pelkey, DO
14. __ The Sternum -- Implications and Treatment--K J. Lossing, DO
15. __ Last Word -- 16-year Perspective on AAO--Stephen J. Noone

AAO ----2007

Colorado Springs

PHYSICIANS

1. __ Normal Cross-sectional Anatomy and Correlation with Imaging: Frank H. Willard, PhD
3. __ Optimizing Utilization of Rheumatologic Labs : Charles D. Radis, DO
4. __ Overview of Musculoskeletal Pharmacologic Mgmt. : Jeff Gudin, MD
5. __ Posture and Gait Evaluation : Guy A. DeFeo, DO
7. __ Multi-Disciplinary Approach to Radiating Pain: John Pier, MD
8. __ Dermatologic Manifestations of Neuromuscular Disorders : Nathan Uebelhoer, DO
9. __ Nutritional and Hormonal Prescription : Mark S. Cantieri, DO, FAAO
11. __ The Effect of OMM on Autonomic Control : Kendi Hensel, DO
12. __ Lower Extremity Injuries in Children: Jane E. Carreiro, DO
13. __ Discovering Fascial Continuity: Everyday Research to Grow Your Osteopathic Skills : Stefan Hagopian, DO
14. __ A Tribute to Anne Wales, DO : Jane E. Carreiro, DO

AAO ----2006

Birmingham, Alabama

PHYSICIANS

01. __ Balancing art and science in clinical practice: *David Riley, MD*
02. __ Energetic osteopathy: evidence from science: *J.L. Oschman, PhD*
03. __ The soul of medicine: *Deena Metzger*
04. __ Narrative-based medicine: *Anne Hudson-Jones, PhD*
06. __ Rationale and evidence for the utilization of Prolotherapy vs. other injection techniques: *Mark S. Cantieri, DO, FAAO*
07. __ Practicing high quality osteopathy : *D.J. Jorgensen, DO*
08. __ Advancing the traditional view of osteopathic medicine through clinical practice: *Felix J. Rogers, DO*
10. __ Are DOs different? Effective? How do we know? *B.R. Buser, DO*
12. __ OMT and Pneumonia: *Brian Degenhardt, DO*
13. __ Nociception: New understandings and their possible relation to somatic dysfunction and its treatment: *Frank H. Willard, PhD*

AAO ----2005

Reno , Nevada

PHYSICIANS LECTURES

01. __ The Hand : *Frank R. Wilson, MD*
02. __ Neurophysiology of the Hand #1 : *Frank H. Willard, PhD*
03. __ Neurophysiology of the Hand #2 : *Frank H. Willard, PhD*
04. __ Plagiocephaly: Diagnosis, Treatment, Research : *N. Sergueef, DO*
06. __ Training Palpation for Visceral : *Kenneth J. Lossing, DO*
08. __ Perception and Sensing : *Donald Hankinson, DO*
11. __ Palpation in the 4th Dimension--A View from Across the Pond : *Nicholas Handoll, DO*
12. __ A.T. Still --A Perceptual History : *Stephen F. Paulus, DO*
13. __ Clearing Blocks to Sensory Perception (Bad Days and Difficult Patients) : *Hollis H. King, DO, PhD, FAAO*
14. __ The Science of Training the Hand in Functional Methods : *Harry Friedman, DO, FAAO*

AAO ----2004

Colorado Springs

PHYSICIANS LECTURES

01. __ The influence of somatic dysfunction (nociceptive model) in rheumatological diseases: *Frank H. Willard, PhD*
02. __ Clinical pearls for diagnosing and treating the patient with fibromyalgia : *Mark S. Cantieri, DO, FAAO*
05. __ The role of the lymphatic system in cardiovascular disease: *Hugh M. Ettlinger, DO, FAAO*
06. __ Osteopathy re child with chronic lung disease/asthma: *M. Bayno, DO*
07. __ The clinical management of COPD/emphysema from osteopathic viewpoint: *Ann L. Habenicht, DO, FAAO*
08. __ Clinical pearls in managing chronic sinusitis: *G. Pasquarello, DO, FAAO*
09. __ Clinical management of chronic otitis media/eustachian tube dysfunction: *Karen M. Steele, DO, FAAO*
10. __ Understanding degenerative arthritis from an osteopathic perspective: *Edward G. Stiles, DO, FAAO*
11. __ The concept of allostatic load: *Frank H. Willard, PhD*
12. __ Treating the physician within--using movement therapies: *B. Gintis, DO*
13. __ The role of osteopathy re multiple sclerosis: *M.L. Kuchera, DO, FAAO*
14. __ Documentation and coding when managing patients with ongoing problems: *Karen M. Steele, DO, FAAO*

AAO ----2003 Ottawa, Ontario (on CASSETTE ONLY)

1. __ Tensegrity of Osteopathic Education: *Edward G. Stiles, DO, FAAO*
2. __ Anatomy and Osteopathic Manipulative Medicine: *Frank W. Willard, PhD*
3. __ Physiology and Osteopathic Manipulative Medicine : *R.L. Van Buskirk, DO, FAAO*
6. __ Osteopathic Care of the Pulmonary Patient : *Boyd R. Buser, DO*
7. __ Osteopathic Care of Children : *Zinaida Pelkey, DO*
